Dated Camp Belur 11th Feby 1882

To

The Secretary to the Dewan
of Mysore.

Sir,

I have the honor to bring to the notice of the Dewan, that the Sale of Bagasse toddy in the Municipal Limits is not regulated by any rules such as are in force in connection with Arak toddy. At present, this beverage is sold indiscriminately by any person without any circumscribing limit either as to the quantity, rate or locality. I am inclined to think that this intoxicating drink is open to the same abuse as Arak toddy, and requires similar surveillance and regulations in the interests of public discipline.

I am informed that Bagani toddy is sold at prices ranging from 3 pies to an anna a seer.-

I would therefore beg to suggest, for the consideration of the Dewan, the advisability of bringing the sale of the said toddy under a license system similar to what obtains in the case of date toddy. The licenses may be issued to the Contractors, or to any other deserving persons they may name, subjecting them to certain limits as to the quantity in, and the prices at, which the toddy should be sold to each individual and the localities in which the sale may be carried on. A moderate fee may also be levied if deemed expedient, but this should not interfere with the leases at present, of Malabar fee and the By Lejeejee.-

the Deputy Commissioner of Kadur, whom I addressed on the subject, informs me that the license System prevails in his District either. Should the Dewan be pleased to approve of the proposal generally, I shall then submit a draft form of the license to be introduced.

I have the honor to be,

Proceedings of the Dewan to His Highness the Maha Raja of Mysore, (Revenue),—dated 18th April 1882.

READ—

Letter from the Deputy Commissioner of the Hassan District No. 3107—936 of the 11th February 1882.

No. 376—14, DATED BANGALORE, 18TH APRIL 1882.

ORDER THEREON.—The Deputy Commissioner proposes to bring the sale of the Bagani toddy under strict regulations, prescribing the place and hours of sale, the quantity to be sold and the prices to be charged, and requiring that licenses should be taken out by the sellers. The Dewan is opposed to introducing any innovation in existing practice without consulting the wishes of the Malnad population who are likely to be affected by it. The bagani toddy rents are sold by villages, so that the renters will not be at liberty to sell beyond the limits of their own village and any system of licenses for them or their servants selling the toddy may entail needless hardship. Bagani toddy taken beyond the villages and sold to the general public at the fairs are charged separately at prescribed rates per pot of toddy by the separate contractor who purchases the right to the same under the name of ~~Toy~~lejajjary. Any alteration in these arrangements which at present work smoothly would require careful consideration.

Bylaw

2. It can scarcely be required to fix the prices. A minimum price is in any case objectionable. Selling after a certain hour in the night may be prohibited. Any specific proposals made with due regard to the above points and after ascertaining the wishes and convenience of the people will be taken into consideration.

Secretary.
